RESCUES

MARION

CHASSIS CHOICES

- Available on Spartan or HME custom chassis
- Available on most commercial chassis; International, Freightliner, Ford, Kenworth, Peterbilt

BODY

- Aluminum - sheet material 5052-H32 and 6063-T52 & 6061-T6 extrusions
- Standard body sizes: 10', 12', 15', 17', 19', 22'

BODY CONSTRUCTION

- Fully extruded all-aluminum construction including an integrated sub-structure to eliminate corrosion
- All crossmembers and structural tubing have capped ends to eliminate road debris
- Floors include heavy reinforcement to hold fill stations, cascade bottles, and other heavy rescue equipment

COMPARTMENTS

- Integrated roof top compartments (No add on boxes)
- Side compartment walls are a double wall design to allow wiring and components to be recessed - No exposed wiring

DOORS

- Extruded flush mounted or roll-up doors

ELECTRICAL SYSTEM

- Multiplex wiring is standard for ease of troubleshooting
- "As built" wiring diagrams created specifically for your apparatus

OPTIONS

- Multiple compartment depth layouts available
- Wheel well, overhead, and slide out oil dry hoppers
- Custom tool and component mounting
- Multi-direction tool storage ideas

WARRANTIES

- Structural - 15 years standard
- Electrical component - 5 years standard
